

NICOLE JURY

Sets direction. Builds the system. Contributes in whatever room she enters.

Cleveland, OH · (216) 544-4367 · cnjury@gmail.com · linkedin.com/in/nicolejury

PROFILE

Capable operator with a strategist's range: I see where a messy system needs to go, then I leave CRM, reporting, and operating cadence people can run without me. Fifteen years of meaningful contribution across manufacturing, professional services, managed IT, national food-tech, and travel — including a public, cited brief of DOE FECM's 2022 Strategic Vision in a domain I was not trained in. Completing MIT Professional Education's Applied Agentic AI for Organizational Transformation so that vision arrives with last-mile adoption, governance, and ethics attached.

SELECTED IMPACT

Cut monthly churn 15% · Held 90% average CSAT · Helped scale a platform to 100K+ monthly users · Managed \$1M+ multi-channel budget · Reduced inbound call volume 80% with automated intake

EXPERIENCE

Principal Consultant, Customer Strategy · Paradise Unlocked

Dec 2024 – Present

Cleveland, OH · Customer lifecycle, CRM, and independent strategy work

- Directed Environmental Science AI: a public, cited brief of DOE FECM's 2022 Strategic Vision for organizers, agencies, and operators — contribution in a field I was not a specialist in.
- Built Salesforce and HubSpot CRM workflows for onboarding, lifecycle, and retention; used customer behavior data to improve conversion and the client experience.
- Applying MIT Agentic AI coursework to connect those tools into a digital ecosystem and move ideas from pilot to daily practice.

Vice President, Marketing · Best Food Trucks

Oct 2023 – Apr 2025

Cleveland, OH · National food-tech platform across dozens of municipalities; 100K+ monthly users

- Set direction for a distributed team across marketing, analytics, customer success, and operations in multiple time zones.
- Directed full-funnel strategy so acquisition, onboarding, and lifecycle work served retention and lifetime value, not one-off campaigns.
- Managed multi-channel search and social spend; used CRM and behavioral data to raise engagement and tie campaigns to revenue, in partnership with product, sales, and operations.

Customer Success Manager · Blue Technologies

Jun 2022 – Oct 2023

Cleveland, OH · Enterprise managed IT services and recurring revenue

- Owned a high-value enterprise portfolio; designed Quality Business Reviews that turned technical infrastructure into executive roadmaps leadership could fund.
- Reduced monthly churn 15% by redesigning renewal outreach and watching account health before expiration.
- Built a health-score model from usage, NPS, and support data; maintained 90% average CSAT.

Principal Consultant · Intellisite Consulting

Jan 2021 – Jan 2022

Cleveland, OH · Marketing, engagement, and analytics for Best Food Trucks

- Architected the marketing and customer-engagement strategy later scaled to 100K+ monthly users — the operating picture before the title caught up.
- Designed cross-functional reporting and SQL dashboards on customer behavior and revenue that became the cadence I later ran as VP of Marketing.

Senior Business Intelligence Consultant · Cogent LLC

Jan 2019 – Feb 2020

Lafayette, LA · Data and marketing strategy for retail, legal, and nonprofit clients

- Turned fragmented sales, donor, and operational data into Power BI and Excel ecosystems clients could actually run.
- Managed a \$1M+ multi-channel budget; automated digital intake that cut call volume 80% and gave stakeholders 24/7 access to performance.

Manufacturing Cost Analyst · Stuller, Inc.

Dec 2017 – Dec 2018

Lafayette, LA · One of the world's largest jewelry manufacturers

- Aligned supply chain, IT, and project management around shared MicroStrategy KPIs.
